Quick Start Guide

USING THE REMOTE

Power/Standby: Turn the TV on or off.

Input: Change the input device.

A/V Controls: Control external device (CEC-enabled devices only).

Info: Display the Info Window.

CC: Open the Closed Captioning menu.

Menu: Display the on-screen menu.

Exit: Close the on-screen menu.

Arrow: Navigate the on-screen menu and episode guide.

OK: Select highlighted menu option.

Guide: Display the episode guide (digital channels only).

Back: Go to the previous on-screen menu options.

V Button: Launch the USB photo viewer.

Channel Up/Down: Change the channel. With each press of the button, the channel will increase or decrease by one.

Volume Up/Down: Increase or decrease the loudness of the TV's audio.

Mute: Turn the sound off or on. When mute is activated, the TV's audio is turned off.

Last: Return to the channel last viewed.

Number Pad: Use the number pad to manually enter a channel.

Dash (-): Use with number pad to manually enter a digital sub-channel. (For example, 18-4 or 18-5.)

Wide: Switch between display modes.

INSTALLING THE BASE

Place the TV screen-down on a clean, flat surface. To prevent scratches or damage to the screen, place the TV on a soft surface, such as carpet, rug, or blanket.

Align the base with the stand neck.

Gently push the base onto the stand neck.

If the base is not joining with the stand neck, you may have it facing backwards.

Turn the attached thumbscrew until it is completely tightened.
Fold down the thumbscrew tab so it is flat against the bottom of the base.

Move the TV with attached stand into an upright position and place on a flat, level, and stable surface.

FIRST-TIME SETUP

1

Remove the battery cover by pressing gently and sliding away from the remote.

Insert the batteries. The + and - symbols on the batteries must correspond to the + and - symbols inside the battery compartment.

Replace the battery cover by gently sliding it back into place.

2

Plug the power cord into an electrical outlet.

3

If you have an external antenna or a cable connection that extends from a wall outlet, connect it to the TV with an RF/Coaxial cable.

4

Turn the TV on by pressing the **Power/Standby** button on the remote or on the side of the TV.

The Setup App is displayed.

Highlight your preferred language and press **OK**.

5

Press the **Up/Down Arrow** buttons on the remote to highlight **Home Mode**.

Press **OK** to go to the next screen.

6

Press the **Up/Down Arrow** buttons on the remote to highlight your time zone.

Press **OK** to go to the next screen.

Press the **Up/Down Arrow** buttons on the remote to highlight **Off** or **On** for daylight savings time, then press **OK**.

7

If the TV is connected to an external antenna, select **Antenna**, then press **OK** and go to step 8.

If the TV is connected to a cable service without a set-top box (cable is connected directly from the wall outlet) select **Cable**, then press **OK** and go to step 8.

If the TV is connected to a cable or satellite set-top box, press the **EXIT** button on the remote, then select the input to which your set-top box is connected (HDMI, COMP, or AV).

8

Press the **Up/Down Arrow** buttons on the remote to highlight **Begin the Channel Scan**.

Press **OK** to begin the channel scan.

Wait for the channel scan to finish.

When the channel scan is complete, the first-time setup is complete.

CONNECTING YOUR DEVICES

To get the best high-resolution picture and sound on your new VIZIO TV, connect your devices with an HDMI cable.

VIZIO High Speed HDMI Cables are manufactured to produce the best picture on VIZIO TVs and feature:

- 1080p and for full HD video and future Ultra-HD video
- Great flexibility for thin wall mounts
- Stays securely connected at sharp angles
- Limited lifetime warranty

Visit www.VIZIO.com to purchase online.

HELP TOPICS

Products are often returned due to a technical problem rather than a defective product that may result in unnecessary shipping charges billed to you. Our trained support personnel can often resolve the problem over the phone. For more information on warranty service or repair, after the warranty period, please contact our Support Department at the number below.

Customer support and quality service are integral parts of VIZIO's commitment to service excellence. For technical assistance contact our VIZIO Technical Support Department via email or phone.

Please have your VIZIO model number, serial number, and date of purchase available before your call.

Phone: (877) 698-4946

Fax: (949) 585-9563

Web: www.vizio.com

Hours of operation:

Monday - Friday: 6 am to 9 pm (PST)

Saturday - Sunday: 8 am to 4pm (PST)

There is no power.

- Ensure the power cord is securely connected to the AC socket on the TV and a working electrical outlet.
- Press the **Power/Standby** button on the remote or on the right side of the TV.
- Try plugging the power cord into a different electrical outlet.

There is a picture, but there is no sound.

- Press the **Volume Up** button on the remote or on the right side of the TV.
- Press the **MUTE** button on the remote to ensure Mute is off.
- Press **MENU**, then select **Audio**. Ensure **Speakers** is set to **On**.

The picture quality seems low.

- View high-definition (HD) programs when possible.
- Ensure all cables are securely connected.
- If you are using an antenna, the signal strength of the channel may be low. Ensure your antenna is connected securely to the TV and move the antenna around the room or close to a window for the best signal.

I cannot return to the Setup App.

- To return to the Setup App, press **MENU**, then select **Help > Start Setup Wizard**.

There are black/gray bars on the top/bottom/sides of the picture.

- Set the TV to Wide or Zoom Mode. Press **MENU**, then select **Wide**. Highlight **Wide** or **Zoom** and press **OK**.
- Adjust the video settings of your external device (Blu-ray™ or DVD player).
- If using the RGB (computer) input, ensure you are using a supported desktop resolution.
- Some television channels add black bars to the picture.

The TV does not respond when I press buttons on the remote control.

- Insert new batteries into the remote.
- Point the remote directly at the TV's sensor.
- Ensure nothing is blocking the TV's sensor. (The sensor is on the front of the TV, in the lower right corner.)

The TV displays “No Signal”

- Ensure your connected devices are turned on.
- Press the **INPUT** button on the remote and select the input to which your device is connected (HDMI, Composite, etc).

The colors on the TV don't look right.

- Adjust the Color and Tint settings in the Picture menu. See *Adjusting the Picture Settings* in the user manual.
- Reset the picture settings. See *Resetting the Picture Settings* in the user manual.
- Check all cables to ensure they are securely attached.
