QUICK START GUIDE

Models: M492i-B2, M552i-B2, & M652i-B2

IMPORTANT SAFETY INSTRUCTIONS

Your TV is designed and manufactured to operate within defined design limits. Misuse may result in electric shock or fire. To prevent your TV from being damaged, the following instructions should be observed for the installation, use, and maintenance of your TV. Read the following safety instructions before operating your TV. Keep these instructions in a safe place for future reference.

- To reduce the risk of electric shock or component damage, switch off the power before connecting other components to your TV.
- Read these instructions.
- Keep these instructions.
- Heed all warnings.
- Follow all instructions.
- Do not use this apparatus near water.
- Clean only with a dry cloth.
- Do not block any ventilation openings. Install in accordance with the manufacturer's instructions.
- Do not install near any heat sources such as radiators, heat registers, stoves, or other apparatus (including amplifiers) that produce heat.
- Do not defeat the safety purpose of the polarized or grounding-type plug. A polarized plug has two blades and a third grounding prong. The wide blade or the third prong are provided for your safety. If the provided plug does not fit into your outlet, consult an electrician for replacement of the obsolete outlet.
- Protect the power cord from being walked on or pinched, particularly at plugs, convenience receptacles, and the point where they exit from the apparatus.
- Only use attachments/accessories specified by the manufacturer.
- Use only with the cart, stand, tripod, bracket, or table specified by the manufacturer, or sold with the apparatus. When a cart is used, use caution when moving the cart/apparatus combination to avoid injury from tip-over.
- Unplug this apparatus during lightning storms or when unused for long periods of time.
- Refer all servicing to qualified service personnel. Servicing is required when the apparatus has been damaged in any way, such as when the power-supply cord or plug is damaged, liquid has been spilled or objects have fallen into the apparatus, the apparatus has been exposed to rain or moisture, does not operate normally or has been dropped.
- Unplug the power cord before cleaning your TV.
- When moving your TV from an area of low temperature to an area of high temperature, condensation may form in the housing. Wait before turning on your TV to avoid causing fire, electric shock, or component damage.
- A distance of at least three feet should be maintained between your TV and any heat source, such as a radiator, heater, oven, amplifier etc. Do not install your TV close to smoke. Operating your TV close to smoke or moisture may cause fire or electric shock.
- Slots and openings in the back and bottom of the cabinet are provided for ventilation. To ensure reliable operation of your TV and to protect it from overheating, be sure these openings are not blocked or covered. Do not place your TV in a bookcase or cabinet unless proper ventilation is provided.
- Never push any object into the slots and openings on your TV cabinet. Do not place any objects on the top of your TV. Doing so could short circuit parts causing a fire or electric shock. Never spill liquids on your TV.
- Your TV should be operated only from the type of power source indicated on the label. If you are not sure of the type of power supplied to your home, consult your dealer or local power company.
- Do not apply pressure or throw objects at your TV. This may compromise the integrity of the display. The manufacturer's warranty does not cover user abuse or improper installations.
- The power cord must be replaced when using different voltage than the voltage specified. For more information, contact your dealer.
- When connected to a power outlet, power is always flowing into your TV. To totally disconnect power, unplug the power cord.
- The lightning flash with arrowhead symbol within an equilateral triangle is intended to alert the user to the presence of un-isolated, dangerous voltage within the inside of your TV that may be of sufficient magnitude to constitute a risk of electric shock to persons.
- Do not overload power strips and extension cords. Overloading can result in fire or electric shock.
- The wall socket should be installed near your TV and easily accessible.
- Only power of the marked voltage can be used for your TV. Any other voltage than the specified voltage

may cause fire or electric shock.

- Do not touch the power cord during lightning. To avoid electric shock, avoid handling the power cord during electrical storms.
- Unplug your TV during a lightning storm or when it will not be used for long period of time. This will protect your TV from damage due to power surges.
- Do not attempt to repair or service your TV yourself. Opening or removing the back cover may expose you to high voltages, electric shock, and other hazards. If repair is required, contact your dealer and refer all servicing to qualified service personnel.
- **WARNING:** Keep your TV away from moisture. Do not expose your TV to rain or moisture. If water penetrates into your TV, unplug the power cord and contact your dealer. Continuous use in this case may result in fire or electric shock.
- Do not use your TV if any abnormality occurs. If any smoke or odor becomes apparent, unplug the power cord and contact your dealer immediately. Do not try to repair your TV yourself.
- Avoid using dropped or damaged appliances. If your TV is dropped and the housing is damaged, the internal components may function abnormally. Unplug the power cord immediately and contact your dealer for repair. Continued use of your TV may cause fire or electric shock.
- Do not install your TV in an area with heavy dust or high humidity. Operating your TV in environments with heavy dust or high humidity may cause fire or electric shock.
- Follow instructions for moving your TV. Ensure that the power cord and any other cables are unplugged before moving your TV.
- When unplugging your TV, hold the AC/DC power adapter, not the cord. Pulling on the power cord may damage the wires inside the cord and cause fire or electric shock. When your TV will not be used for an extended period of time, unplug the power cord.
- To reduce risk of electric shock, do not touch the connector with wet hands.
- Insert batteries in accordance with instructions. Incorrect polarities may cause the batteries to leak which can damage the remote control or injure the operator. Do not expose batteries to excessive heat such as sunshine, fire or the like.
- If any of the following occurs, contact the dealer:
 - The power cord fails or frays.
 - Liquid sprays or any object drops into your TV.
 - Your TV is exposed to rain or other moisture.
 - Your TV is dropped or damaged in any way.
 - The performance of your TV changes substantially.
- This apparatus shall not be exposed to dripping or splashing and no objects filled with liquids, such as vases, shall be placed on the apparatus.
- The mains plug or appliance coupler is used as the disconnect device, the disconnect device shall remain readily operable.
- **CAUTION** - These servicing instructions are for use by qualified service personnel only. To reduce the risk of electric shock, do not perform any servicing other than that contained in the operating instructions unless you are qualified to do so.
- The lightning flash with arrowhead symbol within an equilateral triangle is intended to alert the user to the presence of un-insulated DANGEROUS VOLTAGE within the product's enclosure that may be of sufficient magnitude to constitute a risk of electrical shock to persons.

This product qualifies for ENERGY STAR in the "factory default" setting and this is the setting in which power savings will be achieved. Changing the factory default picture settings or enabling other features will increase power consumption that could exceed the limits necessary to qualify for ENERGY STAR rating.

TELEVISION ANTENNA CONNECTION PROTECTION

- If an outside antenna/satellite dish or cable system is to be connected to the TV, make sure that the antenna or cable system is electrically grounded to provide some protection against voltage surges and static charges.
- Article 810 of the National Electrical Code, ANSI/NFPA 70, provides information with regard to proper grounding of the mast and supporting structure, grounding of the lead-in wire to an antenna discharge unit, size of the grounding conductors, location of antenna discharge unit, connection to grounding electrodes, and requirements of the grounding electrode.
- Lightning Protection: For added protection of the TV during a lightning storm or when it is left unattended or unused for long periods of time, unplug the TV from the wall outlet and disconnect the antenna or cable system.
- Power Lines: Do not locate the antenna near overhead light or power circuits, or where it could fall into such power lines or circuits. Remember, the screen of the coaxial cable is intended to be connected to earth in the building installation.

9

Use the **Arrow** buttons on the remote to select your preferred language and country and press **OK**.

CONNECTING TO THE INTERNET WITH WI-FI

1

If you have already set up a wireless connection during the first-time setup, you can skip this section.

To connect to a wireless network you will need:

- Wireless Router
- High-speed Internet connection
- SSID (Wireless network name)
- Network Password

For streaming video, your Internet connection speed should be 1.5 Mbps or higher.

If you don't know how fast your connection speed is, contact your Internet Service Provider (ISP).

2

Press the **MENU Button** to display the TV SETTINGS menu. Use the **Arrow Buttons** to highlight **Guided Setup** and press **OK**. The GUIDED SETUP menu is displayed.

Highlight **Network Setup** and press **OK**. The Network Setup guide is displayed.

3

Highlight the name of your wireless network (this is the network's SSID) and press **OK**.

If you do not see your SSID, you will need to enter it manually by selecting **Hidden Network**. For more information, see the TV's User Manual.

Using the on-screen keyboard, enter your network's password, then highlight **Connect** and press **OK**.

If you are having trouble connecting to your network, check your router placement:

- Walls and large metal objects can block the signal.
- Other devices broadcasting at 2.4 or 5 GHz can interfere with the signal.

- Wall blocks signal
- Furniture blocks signal
- Far from TV

Wireless Router

- No wall blocks signal
- No furniture blocks signal
- Close to TV

VIEWING THE ON-SCREEN USER MANUAL

1

Press the **MENU Button** on the Remote Control to display the TV SETTINGS menu.

HELP TOPICS

How do I return to the Setup App?

- The on-screen menu has guided setup. Press **MENU**, then select **Guided Setup**. Select the type of setup you need and press **OK**. The Setup App will begin.
- To reset the TV to factory defaults, press **MENU** > **System** > **Reset & Admin** > **Reset TV to Factory Defaults**. If you have changed the default Parental Control Passcode, enter it now. Select **Reset**. Remember that all of your settings will be lost.

There is a picture, but there is no sound.

- Press the **VOLUME UP** button on the remote.
- Press the **MUTE** button on the remote to ensure that mute is off.
- Press **MENU**, then select **Audio**. Be sure **TV Speakers** is set to **On**.

The TV displays "No Signal."

- Be sure your connected devices are turned on.
- Press the **INPUT** button on the remote and select the input to which your device is connected (HDMI-1, HDMI-2, COMP, etc.).

There are black/gray bars on the top/bottom/sides of the screen.

- Note that some television channels add black bars to the picture.
- Set the TV to **Wide** or **Zoom** mode. Press the **Wide** button and highlight **Wide** or **Zoom** and press **OK**.
- Adjust the video settings of your external device.

There is no power.

- Be sure the power cord is securely connected to the AC socket on the TV and to a working electrical outlet.
- Press the **POWER** button on the remote or on the side of the TV.
- If the above steps do not work, try plugging the power cord into a different outlet.

The V.I.A. Plus App is not working.

- Be sure your TV is connected to the Internet.
- Restart the App by pressing the **EXIT** button to close the App, then open the App.
- Reboot your TV by pressing the **POWER** button on the remote, then turn it back on.

I am having trouble connecting to my network.

- If you are using an Ethernet cable, ensure it is securely connected to your router/modem and the TV.
- If you are connecting wirelessly, try repositioning your router for the best connection.
- Turn off all devices. Restart your router/modem.
- Try to use another internet-connected device. If it is not working, call your Internet Service Provider (ISP).

The remote is not responding.

- Make sure the batteries are properly inserted, matching the - and + symbols.
- Replace the batteries with fresh ones.

LEGAL / COMPLIANCE

FCC Class B Radio Interference Statement

NOTE: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy, and if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) this device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

LIMITED WARRANTY - CANADA

ONE-YEAR LIMITED WARRANTY ON PARTS AND LABOR

Covers units purchased as new in Canada

VIZIO provides a warranty to the original purchaser of a new Product against defects in materials and workmanship for a period of one year of non-commercial usage and ninety (90) days of commercial use. If a Product covered by this warranty is determined to be defective, within the warranty period, authorized for sale in Canada and from an authorized Canadian reseller, VIZIO will repair, replace or refund the unit at its sole option and discretion. VIZIO reserves the right to dispatch In-Home Service subject to availability or provide other service type options.

To obtain warranty service, contact VIZIO Technical Support via email: TechSupport@VIZIO.com or via phone at 877 MY VIZIO (877.698.4946) from 7:00AM to 11:00PM Monday through Friday and 9:00AM to 6:00PM Saturday and Sunday, Central Time, or <http://store.vizio.com/en-ca/>. Pre-authorization must be obtained before sending any product to a VIZIO service center. Proof of purchase in the form of a purchase receipt or copy thereof is required to show that a Product is within the warranty period.

Parts and Labor

There will be no charge for parts or labor during the warranty period. Replacement parts and units may be new or re-certified at VIZIO's option and sole discretion. Replacement parts and units are warranted for the remaining portion of the original warranty or for ninety (90) days from warranty service or replacement, whichever is greater.

Type of Service

TV's 32" or larger will usually be serviced in-home. In-home service requires complete and easy access to the unit and does not include de-installation or re-installation of the product. In-Home Service is subject to availability. VIZIO will provide other service type options when in-home service is not available.

TV's under 32" must be sent to a VIZIO service center to obtain warranty service. VIZIO is not responsible for transportation costs to the service center, but VIZIO will cover return shipping to the customer. Pre-authorization is required before sending any unit in for warranty service.

Product returns to VIZIO's service center must utilize either the original carton/box and shipping material or packaging that affords an equal degree of protection. VIZIO Technical Support will provide instructions for packing and shipping the covered Product to the VIZIO service center.

Recertified Warranty

NINETY DAY LIMITED WARRANTY ON PARTS AND LABOR

Covers units purchased and currently located in Canada.

IF THIS WARRANTY DOCUMENT IS RECEIVED ALONG WITH A UNIT WHICH IS PROVIDED TO THE CUSTOMER AS A WARRANTY REPLACEMENT, THE WARRANTY OF THE PURCHASED UNIT MAY SUPERSEDE THIS ONE. SUCH A REPLACEMENT UNIT IS WARRANTED FOR THE LATER OF EITHER THE REMAINING PORTION OF THE ORIGINAL WARRANTY (AS SPECIFIED BY THE ORIGINAL WARRANTY DOCUMENTATION AND DERIVED FROM THE ORIGINAL PURCHASE DATE) OR THE WARRANTY PERIOD SPECIFIED HEREIN (AS DERIVED FROM THE DATE THE REPLACEMENT UNIT IS RECEIVED).

VIZIO provides a warranty to the original purchaser of its products against defects in materials and workmanship for a period of ninety (90) days of non-commercial use. If a Product covered by this warranty is determined to be defective, within the warranty period, authorized for sale in Canada and from an authorized Canadian reseller, VIZIO will repair, replace or refund the unit at its sole option and discretion. VIZIO reserves the right to dispatch In-Home Service subject to availability or provide other service type options.

To obtain warranty service, contact VIZIO Technical Support via email: TechSupport@VIZIO.com or via phone at 877 MY VIZIO (877.698.4946) from 7:00AM to 11:00PM Monday through Friday and 9:00AM to 6:00PM Saturday and Sunday, Central Time, or visit www.vizio.ca. Proof of purchase in the form of a purchase receipt or copy thereof is required.

Parts and Labor

There will be no charge for parts or labor during the warranty period. Replacement parts and units may be new or re-certified at VIZIO's option and sole discretion. Replacement parts and units are warranted for the remaining portion of the original warranty or for ninety (90) days from warranty service or replacement, whichever is later.

Types of Service

Units 32" or larger will usually be serviced in-home. In-home service requires complete and easy access to the unit and does not include de-installation or re-installation of the product. However, in some cases, it may be necessary to send the unit to a VIZIO service center. VIZIO will cover the transportation charges to and from the same customer location.

Units less than 32" must be sent to a VIZIO service center. VIZIO is not responsible for transportation costs to the service center, but VIZIO will cover return shipping to the customer. Pre-authorization is required before sending any unit in for service.

Any returns to VIZIO's service centers must utilize either the original carton box and shipping material or a replacement box and material provided by VIZIO. VIZIO technical support will provide instructions for packing and shipping the unit to the VIZIO service center.

Limitations and Exclusions

VIZIO's ninety-day limited warranty only covers defects in materials and workmanship. Items not covered include but are not limited to cosmetic damage, normal wear and tear, misuse, signal issues, power surges, and damages from shipping, acts of God, any sort of customer misuse, installation, customer modifications, adjustments, and set-up issues. Units with unreadable or removed serial numbers, "image burn-in", and routine maintenance are not covered. This warranty does not cover products sold "AS IS", "CLEARANCE" or by a non-authorized reseller.

THERE ARE NO EXPRESS WARRANTIES OTHER THAN THOSE LISTED OR DESCRIBED ABOVE. ANY IMPLIED WARRANTIES, INCLUDING ANY IMPLIED WARRANTY OF MERCHANTABILITY AND FITNESS FOR A PARTICULAR PURPOSE, SHALL BE LIMITED IN DURATION TO THE PERIOD OF TIME SET FORTH ABOVE. VIZIO'S TOTAL LIABILITY FOR ANY AND ALL LOSSES AND DAMAGES RESULTING FROM ANY CAUSE WHATSOEVER SHALL IN NO EVENT EXCEED THE PURCHASE PRICE OF THE DISPLAY VIZIO SHALL NOT BE RESPONSIBLE FOR LOSS OF USE, COMMERCIAL LOSS, LOST REVENUE OR LOST PROFITS, OR OTHER INCIDENTAL OR CONSEQUENTIAL DAMAGES. SOME STATES DO NOT ALLOW LIMITATIONS ON HOW LONG AN IMPLIED WARRANTY LASTS OR THE EXCLUSION OF INCIDENTAL OR CONSEQUENTIAL DAMAGES, SO THE ABOVE LIMITATIONS OR EXCLUSIONS MAY NOT APPLY TO YOU. THIS WARRANTY GIVES YOU SPECIFIC LEGAL RIGHTS, AND YOU MAY ALSO HAVE OTHER RIGHTS, WHICH VARY FROM PROVINCE TO PROVINCE. THIS WARRANTY IS SUBJECT TO CHANGE WITHOUT NOTICE. CHECK www.vizio.ca FOR THE MOST CURRENT VERSION.
