

QUICKSTART GUIDE

M470NV | M550NV | RAZOR LED LCD HDTV

1 BEFORE YOU BEGIN

What's In the Box

- VIZIO HDTV
- VIZIO Universal Remote Control with Bluetooth (2 AA batteries included)
- Power Cord
- Safety Strap
- Screen Cleaning Cloth
- User Manual
- Quickstart Guide
- Registration Card

2 SETTING UP YOUR TV

Your new VIZIO HDTV with VIZIO Internet Apps™ (VIA) has a built-in Setup App that plays when you turn on the TV the first time. Just follow these easy steps to get started:

- Insert batteries into the remote control.
- Find a location for your TV. To enjoy online content, you will need access to your wireless or wired high-speed Internet connection.
- Gather the devices you want to connect to the TV, such as your DVD player or cable/satellite box. You do not need to connect them yet. The Setup App will guide you through setting up these devices.
- Connect the power cord from the TV to a wall outlet.
 - > **Wait for the VIZIO logo on the front of the TV to stop flashing, then press the Power button on the TV or the remote control to turn on the TV.**
- The Setup App will start automatically. Just follow the on-screen directions.

3 GETTING THE MOST FROM YOUR TV

WATCH MOVIES, TV SHOWS & MORE ON DEMAND!

You will need high-speed Internet access (wired or wireless) such as cable or DSL to enjoy online content on your HDTV. Contact your cable or DSL provider if you need high-speed Internet access.

3 WAYS TO WATCH HIGH DEFINITION VIDEO

1. Get a VIZIO Blu-ray™ Disc Player.
2. Contact your cable company or satellite provider to learn more about HD programming in your local area (an HD cable box or satellite receiver may be required).
3. You may be able to get HD signals using an off-air antenna. To see if you can receive off-air HD signals, and for help choosing the right antenna, visit

www.antennaweb.org

Make sure you have components with HDMI outputs to ensure the BEST possible picture.

VIZIO HIGH DEFINITION CABLES MAKE THE BEST HD CONNECTION!

For more information about VIZIO Certified* High Definition cables please visit us at: www.VIZIO.com

> HIGH DEFINITION HOME THEATER

VIZIO Blu-ray™

HIGH-DEFINITION SOUND

Complete your total Home Theatre experience with stunning audio from VIZIO accessories such as the Sound Bar with Wireless Subwoofer.

MATCH YOUR VIZIO TO A CERTIFIED* WALL MOUNT

ULTRA SLIM FLUSH MOUNT

XMF1300

ULTRA SLIM TILT MOUNT

XMT1200 / XMT500

Full Articulating Mount

XMA1200 / XMA500

*Tested and certified by VIZIO engineers for compatibility with your TV.

> HELP TOPICS

PROBLEM

SOLUTION

No Power

Make sure the power cord is securely connected to the AC socket on the back of the TV, and connected to the wall socket. Make sure the TV has power (VIZIO logo on the front of the TV glows white). Plug another electrical device (like a radio) to the outlet to check the outlet is supplying power.

Picture is blurry or fuzzy/ image quality issues

For the best image quality, view HD widescreen programs where possible. If HD content is not available, view Standard Definition from a digital source. Standard analog TV will always be noticeably inferior to HD because your digital HDTV displays video at resolutions much higher than old TVs, so you will see more details and deficiencies in standard definition content that you didn't see before.

Cannot change channels up and down with direct cable hookup from wall or antenna

Press the VIA button. Use the arrows to navigate to the HDTV Settings App in the VIA Dock and press OK. Use the arrow keys to select TV Settings. Scroll to select Tuner, then select the method you have for receiving TV channels. Then select Auto Channel Scan to search for your TV channels.

Cannot return to Setup App

The Setup App is no longer accessible after being run once, but all of the same settings can still be changed. Press the VIA button, then select the HDTV Settings App from the dock.

Screen is displaying blue/no signal and/or turning off after a few seconds

Your TV may be on an inactive input. After powering on the TV, press the INPUT button on your remote repeatedly until a picture re-appears. If this does not work, try it a second time but press the button slower this time; it can take as long as 30 seconds for the image to reappear.

I do not have high-speed Internet service

The HDTV will continue to display a crisp, clear HD picture as long as it is receiving an HD signal. However, you will not be able to enjoy the Internet-based features and content of the built-in VIA platform.

Black or gray bars on top, bottom, and/or sides of picture

Try setting your TV to wide or zoom mode; the image should fill the screen. If you still see bars, they are part of the image the TV is receiving. Cable and satellite boxes may add black bars to the picture, especially when HDMI cables are used. For more information, please contact your service provider.

> EXTENDED WARRANTIES

Protect your VIZIO product with up to 5 years of added repair service! Extended coverage begins when the manufacturer's warranty expires so you'll receive maximum protection!
