

## Windows 8 Operation System Clean Installation

### Installing or Restoring Your Operating System

Operating System (OS) recovery and restore USB key allows you to recover your operating system or restore your computer to the operating state it was in when you purchased your computer.

---

#### Please follow these steps to reload the system:

1. Remove any additional USB devices from your PC
2. Verify PC is properly connected to a power source
3. This process is destructive restore and will result in loss of all personal data, it is recommended to properly back up any data you wish to retain
4. Connect the OS recovery and restore USB key to a USB connector on your computer
5. Reboot the computer and press F7 key when the VIZIO V logo screen first appears
6. Select **USB Storage** from the start-up menu and press <Enter>
7. Follow the instructions on the screen.
8. Total restore time can take anywhere between 30 to 90 minutes, please do not power off your PC during this time
9. After completing your recovery, your system may require Windows updates (drivers & security settings)
