

NEXT GENERATION ROUTER

DUAL-BAND WIRELESS HD GIGABIT ROUTER

Wirelessly stream HD movies, TV shows, music and more right to your Internet HDTV with the VIZIO XWR200 Dual-Band Wireless HD Internet Router. Optimized for VIZIO Internet Apps® and ideal for online HD video and audio, the XWR200 features simultaneous dual-band 802.11n wireless for the best performance and compatibility.

OPTIMIZED FOR

OPTIMIZED CONNECTION

Optimized for streaming movies, TV shows and music. Built-in technology intelligently prioritizes time-sensitive material such as streaming video over data and delivering the best streaming HD experience.

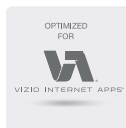

WI-FI TECHNOLOGY

The latest 802.11n Dual Band Wireless Networking is built-in making connecting to the Internet quick and easy.

DIGITAL LIVING NETWORK ALLIANCE (DLNA)

Digital Living Network Alliance allows your entertainment devices within your home share their content with each other across your network through the USB 2.0 port connection to a USB hard drive.
