USER MANUAL
Model: SB36312-G6
VIZIO 36" 3.1.2 Channel Sound Bar Home Theater Sound System
Please read this guide before using the product.
IMPORTANT SAFETY INSTRUCTIONS

Your Unit is designed and manufactured to operate within defined design limits, and misuse may result in electric shock or fire. To prevent your Unit from being damaged, the following rules should be observed for its installation, use, and maintenance. Please read the following safety instructions before operating your Unit. Keep these instructions in a safe place for future reference.

• Read these instructions.
• Keep these instructions.
• Heed all warnings.
• Follow all instructions.
• Do not use this apparatus near water.
• Clean only with a dry cloth.
• Do not block any ventilation openings. Install in accordance with the manufacturer's instructions.
• Do not install near any heat sources such as radiators, heat registers, stoves, or other apparatus (including amplifiers) that produce heat.
• Do not defeat the safety purpose of the polarized or grounding-type plug. A polarized plug has two blades with one wider than the other. A grounding type plug has two blades and a third grounding prong. The wide blade or the third prong are provided for your safety. If the provided plug does not fit into your outlet, consult an electrician for replacement of the obsolete outlet.
• Protect the power cord from being walked on or pinched, particularly at plugs, convenience receptacles, and the point where they exit from the apparatus.
• Only use attachments/accessories specified by the manufacturer.
• Use only with the cart, stand, tripod, bracket, or table specified by the manufacturer, or sold with the apparatus. When a cart is used, use caution when moving the cart/apparatus combination to avoid injury from tip-over.
• Unplug this apparatus during lightning storms or when unused for long periods of time.
• Refer all servicing to qualified service personnel. Servicing is required when the apparatus has been damaged in any way, such as when the power supply cord or plug is damaged, liquid has been spilled or objects have fallen into the apparatus, the apparatus has been exposed to rain or moisture, does not operate normally, or has been dropped.
• To reduce the risk of electric shock or component damage, switch off the power before connecting other components to your Unit.
• Unplug the power cord before cleaning your Unit. A damp cloth is sufficient for cleaning. Do not use a liquid or a spray cleaner on your Unit. Do not use abrasive cleaners.
• Always use the accessories recommended by the manufacturer to insure compatibility.
• When moving your Unit from an area of low temperature to an area of high temperature, condensation may form in the housing. Wait before turning on your Unit to avoid causing fire, electric shock, or component damage.
• Slots and openings in the back and bottom of the cabinet are provided for ventilation. To ensure reliable operation of your Unit and to protect it from overheating, be sure these openings are not blocked or covered. Do not place your Unit in a bookcase or cabinet unless proper ventilation is provided.
• Never push any object into the slots and openings on your Unit enclosure. Do not place any objects on the top of your Unit. Doing so could short circuit parts causing a fire or electric shock. Never spill liquids on your Unit.
• Always place the subwoofer on a flat, level surface.
• Do not block the subwoofer ports. Allow for 1-2 inches of space around all sides for ventilation.
• WARNING: Exposure to loud sounds can damage your hearing. Hearing loss and tinnitus (ringing or buzzing in the ears) may result from exposure to loud noises. Continuous exposure to loud noises may make the ears more accustomed to the sound level, which may result in permanent damage to hearing without any noticeable discomfort.

• When connected to a power outlet, power is always flowing into your Unit. To totally disconnect power, unplug the power cord.

• Do not overload power strips and extension cords. Overloading can result in fire or electric shock.

• The wall socket should be located near your Unit and be easily accessible.

• Keep your Unit away from moisture. Do not expose your Unit to rain or moisture. If water penetrates into your Unit, unplug the power cord and contact your dealer. Continuous use in this case may result in fire or electric shock.

• Do not use your Unit if any abnormality occurs. If any smoke or odor becomes apparent, unplug the power cord and contact your dealer immediately. Do not try to repair your unit yourself.

• Avoid using dropped or damaged appliances. If your Unit is dropped and the housing is damaged, the internal components may function abnormally. Unplug the power cord immediately and contact your dealer for repair. Continued use of your Unit may cause fire or electric shock.

• Do not install your Unit in an area with heavy dust or high humidity. Operating your Unit in environments with heavy dust or high humidity may cause fire or electric shock.

• Ensure that the power cord and any other cables are unplugged before moving your Unit.

• When unplugging your Unit, hold the power plug, not the cord. Pulling on the power cord may damage the wires inside the cord and cause fire or electric shock. When your Unit will not be used for an extended period of time, unplug the power cord.

• To reduce risk of electric shock, do not touch the connector with wet hands.

• Insert the remote control batteries in accordance with instructions. Incorrect polarity may cause the battery to leak which can damage the remote control or injure the operator.

• See the important note and rating located on the back of the unit.

• WARNING - This equipment is not waterproof. To prevent a fire or shock hazard, do not place any container filled with liquid near the equipment (such as a vase or flower pot) or expose it to dripping, splashing, rain, or moisture.

• CAUTION - Danger of explosion or fire if batteries are mistreated. Replace only with the same or specified type.

• Do not leave the batteries exposed to direct sunlight for a long period of time with doors and windows closed. Do not disassemble the batteries or dispose of it in fire.

• Where the MAINS plug or appliance coupler is used as the disconnect device, the disconnect device shall remain readily operable.

WARNING: To reduce the risk of fire or electric shock, do not expose this apparatus to rain or moisture.

PACKAGE CONTENTS

- VIZIO Sound Bar
- Wireless Subwoofer
- Remote Control with 2x AAA Batteries
- Stereo RCA to 3.5mm Audio Cable
- 3.5mm to 3.5mm Audio Cable
- Digital Optical Cable
- 2 x Wall Mount Brackets (Sound Bar)
- HDMI Cable
- 2 x Power Cables
- 2 x Wall Mount Screws
- Wall Mount Template
- User Manual
CONTROLS & CONNECTIONS

- Power Port
- OPTICAL Digital Optical Audio In
- 3.5mm IN Analog Audio In (Stereo 3.5mm)

Back of Sound Bar
USB supports .WAV and .MP3 file format playback only.

HDMI IN
HDMI In

HDMI OUT
HDMI Out (ARC) to TV

Ethernet
Ethernet In

USB*
USB In

* Supports .WAV and .MP3 file format playback only.
Top of Sound Bar

**Power**  Press to turn sound bar on or off.

**Input**  Press to change the audio source.

**Bluetooth Input**  Hold to pair. (See ‘Bluetooth Audio Pairing’ for more information.)

**Volume**  Increase or decrease the loudness of the audio.
Back of Subwoofer

- Power Port
- Power Button
- LED Indicator
FIRST-TIME SETUP

1. **CHOOSE ONE CABLE**
   and connect it to your TV.
   Ensure your TV is powered on.

* Not all TVs/Displays have the audio outputs shown above. To connect the sound bar directly to your other devices (Blu-ray player, game system, etc.). See your device's user manual.

† When using the digital input, if there is no audio:
  (A) try setting the TV/Display output to PCM or
  (B) Connect directly to your Blu-ray/other source, some TV/Display do not pass through digital audio.
HDMI cables send Video (Out) and receive Audio from the TV/Display. See the Connecting with HDMI section for more information.

**Do not use HDMI IN for First-Time Setup.** See Advanced Setup if you would like to connect HDMI devices (such as Blu-ray™ players, cable boxes, and game consoles) to your Sound Bar.

Connect the **sound bar** to your **TV/Display*** using **one** of the connection types to the left. Choose the best possible connection type. Be sure the TV/Display port is an audio output, not an audio input.
2

Connect the power cable to the sound bar **AC IN** as shown.

Plug the power cable into an electrical outlet.

The sound bar will automatically begin searching for an active input.*

The LED indicators on the front of the sound bar will begin cycling in pairs through inputs until an audio source is detected.**

**Tip:** Pressing the **INPUT** button will stop the auto detect function.

---

*Occurs only during first-time set up.

**Auto detect function only occurs once when the sound bar is first powered on. To enable this feature again, you must do a Factory Reset (see the Using Button Combinations section for more information) or press and hold the INPUT button for 3 seconds.
3. Connect a power cable to the subwoofer.

4. Plug the power cable into a power outlet.

5. The subwoofer should automatically power on and link to the sound bar when plugged in. The LED will glow to solid to confirm.
Remove the battery cover by gently sliding it away from the remote.

Insert the included batteries and gently slide the battery cover back into place.

When needed, VIZIO recommends replacing the batteries that came with this remote with two, new Duracell ‘AAA’ alkaline batteries.

You can press the INPUT button to switch between audio sources. For example, if you connected your TV to AUX, set the sound bar to AUX.
PROPER PLACEMENT

For the best surround sound experience, position the sound bar and subwoofer as shown. The sound bar should be close to ear level. You'll get the best sound effect if your ceiling is flat and 7.5 ft to 12 ft high.

OPTION 1

If your couch permits, you can place the subwoofer underneath it.

Sound bar is centered below the TV.

Note: Make sure there is sufficient room to freely place the subwoofer underneath your couch. Do not place the couch directly on top of the subwoofer if there isn't enough room.

Note: Do not block the subwoofer port. Port should be facing the front of the couch.
OPTION 2

You can also stand the subwoofer upright with the ports facing out.

Sound bar is centered below the TV.

Note: Do not block the subwoofer port.
**USING THE REMOTE**

**Power**
Press to turn on or off

**Input**
Press to change the input source

**Previous**
Press to return to previous track (Changes audio settings in Menu)

**Up/Down**
Press to cycle through settings and options

**Mute**
Press to mute/unmute

**Display**
Displays Sound Bar Settings

**Menu**
Press to access the menu settings

**Enter/Play/Pause**
Press to select an option
Press to play or pause

**Next**
Press to skip to the next track. (Changes audio settings in Menu)

**Volume +/-**
Press to increase and decrease volume

*Press INPUT then Previous to select previous input. Press INPUT then Next to select Bluetooth input.*
**USING YOUR TABLET OR SMARTPHONE AS A REMOTE**

Download the VIZIO SmartCast Mobile™ app and turn your smartphone or tablet into a remote to control your sound bar system.

- Visit [www.vizio.com/smartcastapp](http://www.vizio.com/smartcastapp) on your device to download.
- Install the app and follow the on screen instructions to setup your device.

This will allow you to:

- Connect to Wi-Fi
- Cast your favorite audio applications
- Enable automatic updates and future enhancements
- Control your sound bar with your phone or tablet
LED INDICATORS

Press the **Menu** button and use the **Up/Down Arrow** buttons on the remote to access the different functions and acoustic settings of the sound bar. Each function and setting will be displayed on the remote control’s LCD display. The LED Indicators will behave differently with each function.

All of the LED Indicators on the sound bar will flash two times indicating that it has successfully recognized the TV remote.</td>
</tr>
</tbody>
</table>

Turn off your TV speakers when programming your sound bar.

Point both the sound bar and TV remotes towards the front of the sound bar when programming.
BLUETOOTH AUDIO PAIRING

To pair the sound bar with a Bluetooth device:

1. **Press and hold** the **Bluetooth** button 📡 on the sound bar for five (5) seconds or select the BT Pair option from the display remote menu. When the sound bar is in Bluetooth Pairing Mode, the LED Indicators on the Display Panel on the front of the Sound Bar will light sequentially from bottom to top and back again.

   Once the device is paired, the LED Indicators will stop flashing.

2. You can now search for the sound bar (VIZIO SB36312*) using your Bluetooth device. For more information, refer to the user documentation that came with the device.

3. Play audio from your Bluetooth device. Volume can be controlled on your source device and the sound bar.

*Sound bar name may be different if the sound bar was previously setup using the SmartCast Mobile app.*
Your sound bar supports music streaming from smart phones, tablets, and computers with Bluetooth capability. Device compatibility will vary, see your device’s documentation for more information. Once you have paired your source device to the sound bar, as long as you stay within range of the sound bar, your device should remain paired. If the input is changed, the Bluetooth device will disconnect. If the source is changed back to Bluetooth, any paired Bluetooth device will reconnect automatically.

Maximizing Signal

A Bluetooth signal has a range of up to 30 feet. Keep in mind that Bluetooth is a compressed audio format, so streamed music may lose some integrity when compared to a wired connection.

Try the following if your sound quality is less than optimal:

• If you hear any break-up or disconnect while streaming music from your device, move the source device closer to the sound bar.
• Be sure that there are no solid obstructions in the line-of-sight between the sound bar and the source device.
• Other wireless devices can affect Bluetooth range, including wireless security cameras, wireless video baby monitors, cordless phones, and microwave ovens. Turning off or moving these devices may improve Bluetooth range.

Reduce the volume levels on your device and on the sound bar before pressing Play. High volume levels can damage your hearing.
ADVANCED SETUP

Note: Always use HDMI 2.0 certified cables.

USB Thumb Drive*

3.5MM TO RCA CABLE
DIGITAL OPTICAL CABLE
HDMI CABLE

Tablet/MP3 Player/Laptop
Network Media Player
Game Console

* Supports .WAV and .MP3 file format playback only.
ADVANCED SETUP - HDMI ARC

HDMI cables transmit both audio and video.

- To view video from these devices, turn the sound bar on, then set the sound bar input to HDMI In.
- Set your TV input to the HDMI port to which the sound bar is connected.

Note: Always use HDMI 2.0 certified cables.
CONNECTING WITH HDMI ARC

What is HDMI Audio Return Channel (ARC)?

Using HDMI ARC, your TV can send audio to the sound bar using an HDMI cable.

You will need to connect your sound bar to your TV’s HDMI ARC port using an HDMI cable that is ARC compatible.

To connect using HDMI*: 

1. Connect one end of the HDMI cable to the **HDMI 1 (ARC)** port on the back of your TV.
2. Connect the other end to the **HDMI OUT (ARC)** port on your VIZIO sound bar.
3. From the AUDIO menu on your TV, change the Digital Audio Setting to Dolby Digital or Bitstream.
4. From the SYSTEM menu, enable CEC and ARC (SAC)† functions.
5. From the CEC menu, select **Device Discovery** to register the sound bar with the TV.

If you want to use the volume buttons on the TV remote control to control the sound bar, enable System Audio Control from the CEC menu.

---

* The following steps are for use with a VIZIO TV, steps may differ by TV manufacturer. See your TV’s user manual for more information.
† CEC Function naming may differ by TV manufacturer. See your TV’s user manual for more information.
Back of TV*

Connect to HDMI (ARC) port on your TV

* HDMI ARC port location may differ by TV manufacturer. See your TV's user manual for more information.
The subwoofer has already been paired with the sound bar by VIZIO. However, the subwoofer may need to be re-linked to the sound bar if there is no sound coming from the subwoofer.

1. First confirm that the power LED is illuminated. Press and hold the **ON/OFF** button on the back of the subwoofer for 5 seconds. The LED on the back of the subwoofer will begin to blink.

2. Press and hold the **Power** button on the top of the sound bar for 5 Seconds. The LED indicators on the front will flash 3 times. The subwoofer is now linked with the sound bar.

**What does pairing mean?**
Pairing means to wirelessly connect.
WALL-MOUNTING THE SOUND BAR

1. Wall-Mount Screw Holes

Insert the two wall-mount screws into the wall-mount screw holes, and then tighten them with a Phillips screwdriver.

2. WALL MOUNTING TEMPLATE / MODÈLE DE SUPPORT MURAL

Place the included wall mounting template against the wall under your TV. Mark the two bracket holes using a pencil.
Be sure your screws are attached to wood studs, drywall anchors (for drywall), or concrete anchors (for brick/concrete walls).

Screws for attaching the brackets to the wall are not included. Choose the screw type and length appropriate to your home’s construction. If in doubt, consult a professional installer.

*Bracket Screw
Not Included with sound bar
Suggested Screw Size: 3.5 diameter.
1.63 mm length

Wall Mount Screw
Screw Size: M4 x 10
Included with sound bar

* Do not use any of the included screws for the wall mount installation. These are not intended for mounting.

If you are unfamiliar with power tools or the layout of electrical wiring in the walls of your home, consult a professional installer.

| **There is no power.**        | • Press the **POWER** button on the remote control or on the top of your sound bar.  
                                 | • Ensure the power cord is securely connected.                              
                                 | • Plug a different device into the electrical outlet to verify that the outlet is working correctly. |
| **There is no sound.**        | • Increase the volume. Press **Volume Up** on the remote control or on the top of your sound bar.  
                                 | • Press **MUTE** on the remote to ensure the sound bar is not muted.        
                                 | • Press **INPUT** on the remote or on the top of your sound bar to select a different input source. |
                                 | • When using either of the Digital Inputs, if there is no audio: (A) Try setting the TV output to PCM or (B) Connect directly to your Blu-ray/other source, some TVs do not pass through digital audio. |
                                 | • On digital inputs, the input LEDs will flash rapidly if an unsupported format is present. Set the source to output PCM. |
                                 | • Your TV may be set to variable audio output. Confirm that the audio output setting is set to **FIXED** or **STANDARD**, not **VARIABLE**. Consult your TV's user manual for more detailed information. |
                                 | • If using Bluetooth, ensure that the volume on your source device is turned up and that the device is not muted. |
| **I hear buzzing or humming.**| • Ensure all cables and wires are securely connected.                        |
                                 | • Connect a different source device (TV, Blu-ray player, etc) to see if the buzzing persists. If it does not, the problem may be with the original device. |
                                 | • Connect your device to a different input on the Sound Bar.                |
| **The remote isn't working.** | • Replace the remote batteries with new ones.                              
                                 | • Point the remote directly at the center of the sound bar when pressing a button. |
                                 | • If using a Bluetooth connection, some of the buttons on the remote may not be supported by the streaming application (e.g., Pandora doesn't support the Back button). |
**FREQUENTLY ASKED QUESTIONS**

**How do I know if I'm playing Dolby Atmos content?**

- You can verify content via the VIZIO SmartCast Mobile app. Download the VIZIO SmartCast Mobile app and sync your sound bar. Go to Settings > System Information to see what type of audio is being played. Visit VIZIO.com/smartcast for more on the SmartCast Mobile app.
- When Dolby Atmos content is detected, the audio format LED on the bar will briefly appear green.
- From the remote control, choose the Info menu option and press the Play/Pause key. The sound bar will announce the current input and audio format being played.

**Can I adjust each of the sound bar speaker channels individually?**

- You cannot adjust each individual speaker. You can adjust the volume and presence of the channel and height speakers. You can also turn the height channels On or Off.

**What sources play Dolby Atmos content?**

- Dolby Atmos content can be found on select streaming apps, on 4K UHD Blu-Ray discs, and on some gaming systems and streaming sticks. To play Atmos content from these devices, connect the device directly to the HDMI in port of the sound bar. Always use HDMI 2.0 certified cables.
- Dolby Atmos supported streaming apps built into connected TVs may also be played on the HDMI ARC port.
- SmartCast, Bluetooth, USB, Aux, Optical and Digital Coax inputs do not support Dolby Atmos.

**The sound bar is in a room with a vaulted ceiling. Will I hear all the sounds properly?**

- To clearly hear all Atmos has to offer, you will need a flat ceiling that is between 7.5 and 12 feet high. This allows the height speakers to reflect off the ceiling providing the sounds that would come from above.
- Vaulted ceilings or ceilings with acoustic treatments or tiles will diminish the effect. From the remote control select Height --> Virtual for a virtualized height experience. Dolby Atmos content will be played in Dolby Digital Plus format in this mode.

**The system information say the audio type is Dolby Atmos-Dolby Digital Plus or Dolby Atmos-TrueHD. How do I get one or the other?**

- Dolby Atmos-TrueHD typically comes from a UHD Blu-ray player or console that is plugged into the sound bar's HDMI IN port. Dolby Atmos-Dolby Digital Plus is typically sent from supported apps being played from a smart TV that is plugged into the sound bar's HDMI ARC port.
LIMITED WARRANTY

UNITED STATES AND CANADA
BY USING YOUR VIZIO PRODUCT YOU AGREE TO BE BOUND BY ALL THE TERMS OF THIS WARRANTY. BEFORE USING YOUR VIZIO PRODUCT, PLEASE READ THIS WARRANTY CAREFULLY. IF YOU DO NOT AGREE TO THE TERMS OF THIS WARRANTY, DO NOT USE THE VIZIO PRODUCT AND, WITHIN THIRTY (30) DAYS OF THE DATE OF PURCHASE, RETURN IT FOR A REFUND TO THE AUTHORIZED RETAILER WHERE YOU PURCHASED IT.
This warranty contains a binding arbitration agreement and a class action waiver for United States residents. If you live in the United States, the binding arbitration agreement and class action waiver affect your rights under this warranty. Please read the text under the section titled “Binding Arbitration Agreement; Class Action Waiver (U.S. Residents Only)” carefully.

How Long This Warranty Lasts
For non-commercial use, VIZIO warrants the product on the terms set forth below for one (1) year from the date of original purchase. For commercial use, VIZIO warrants this product on the terms set forth below for ninety (90) days from the date of original purchase.

What This Warranty Covers
VIZIO warrants the product against defects in materials and workmanship when the product is used normally in accordance with VIZIO’s user guides and manuals. Except where restricted by law, this warranty applies only to the original purchaser of a new product. The purchase must have been made from an authorized retailer in the United States (including Puerto Rico) or Canada. The product must also be located in the country where it was purchased at the time of warranty service.

How to Get Service
Before obtaining warranty service, you may visit www.vizio.com for additional help and troubleshooting. To obtain warranty service, contact VIZIO Technical Support via email at TechSupport@VIZIO.com or via phone at 877 MY VIZIO (877-698-4946).

Your Obligations Before Service
You must obtain pre-authorization before sending your product to a VIZIO service center. You may be required to supply a purchase receipt (or copy) to show that the product is within the warranty period.
When you return a product to a VIZIO service center, you must ship the product in its original packaging or in packaging that affords an equal degree of protection. VIZIO Technical Support will provide instructions for packing and shipping the product to the VIZIO service center.
ALL USER DATA AND DOWNLOADED APPLICATIONS STORED ON A PRODUCT WILL BE DELETED IN THE COURSE OF SOME IN-HOME AND ALL SHIP-IN WARRANTY SERVICE. If this occurs, your product will be restored to its original state. You will be responsible for restoring all applicable user data and downloaded applications. Recovery and reinstallation of user data and downloaded applications is not covered under this warranty. In order to protect your personal information, VIZIO recommends that you always clear all personal information from the product before it is serviced, regardless of the servicer.

VIZIO’s Responsibilities
If VIZIO determines that a product is covered by this warranty, VIZIO will (at its option) repair or replace it, or refund the purchase price to you. There will be no charge for parts or labor during the warranty period. Replacement parts may be new or recertified at VIZIO's option and sole discretion. Replacement parts and VIZIO's labor are warranted for the remaining portion of the original warranty or for ninety (90) days from warranty service, whichever is longer.
Types of Service
Products must be sent to a VIZIO service center to obtain warranty service. VIZIO is not responsible for transportation costs to the service center, but VIZIO will cover return shipping to the customer.

What This Warranty Does Not Cover
This warranty does not cover: (a) cosmetic damage; (b) normal wear and tear; (c) improper operation; (d) improper voltage supply or power surges; (e) signal issues; (f) damage from shipping; (g) acts of God; (h) customer misuse, modifications or adjustments; (i) installation, set-up, or repairs attempted by anyone other than by a VIZIO authorized service center; (j) products with unreadable or removed serial numbers; (k) products requiring routine maintenance; or (l) products sold “AS IS”, “CLEARANCE”, “FACTORY RECERTIFIED”, or by a non-authorized reseller.

What to Do If You Are Not Satisfied With Service
If you feel VIZIO has not met its obligations under this warranty, you may attempt to resolve the issue informally with VIZIO. If you are unable to resolve the issue informally and wish to file a formal claim against VIZIO, and if you are a resident of the United States, you must submit your claim to binding arbitration according to the procedures described below, unless an exception applies. Submitting a claim to binding arbitration means that you do not have the right to have your claim heard by a judge or jury. Instead your claim will be heard by a neutral arbitrator.

Binding Arbitration Agreement; Class Action Waiver (U.S. Residents Only)
UNLESS YOU HAVE BROUGHT AN ELIGIBLE CLAIM IN SMALL CLAIMS COURT OR HAVE OPTED OUT AS DESCRIBED BELOW, ANY CONTROVERSY OR CLAIM RELATING IN ANY WAY TO YOUR VIZIO PRODUCT, INCLUDING ANY CONTROVERSY OR CLAIM ARISING OUT OF OR RELATING TO THIS WARRANTY, A BREACH OF THIS WARRANTY, OR THE VIZIO PRODUCT'S SALE, CONDITION OR PERFORMANCE, WILL BE SETTLED BY BINDING ARBITRATION ADMINISTERED BY THE AMERICAN ARBITRATION ASSOCIATION AND CONDUCTED BY A SINGLE ARBITRATOR APPOINTED BY THE AMERICAN ARBITRATION ASSOCIATION, IN ACCORDANCE WITH ITS COMMERCIAL ARBITRATION RULES AND ITS SUPPLEMENTARY PROCEDURES FOR CONSUMER-RELATED DISPUTES. You may learn more about the American Arbitration Association and its rules for arbitration by visiting www.adr.org or by calling 800-778-7879. Since this warranty concerns a transaction in interstate or international commerce, the Federal Arbitration Act will apply.

The filing fees to begin and carry out arbitration will be shared between you and VIZIO, but in no event will your fees ever exceed the amount allowable by the American Arbitration Association, at which point VIZIO will cover all additional administrative fees and expenses. VIZIO waives its right to recover attorneys' fees in connection with any arbitration under this warranty. If you are the prevailing party in an arbitration to which the Supplementary Procedures for Consumer-Related Disputes applies, then you are entitled to recover attorneys' fees as the arbitrator may determine.

The dispute will be governed by the laws of the state or territory in which you resided at the time of your purchase (if in the United States). The place of arbitration will be Irvine, California, or your county of residence (if in the United States). The arbitrator will have no authority to award punitive or other damages not measured by the prevailing party's actual damages, except as may be required by statute. The arbitrator will not award consequential damages, and any award will be limited to monetary damages and will include no equitable relief, injunction, or direction to any party other than the direction to pay a monetary amount. Judgment on the award rendered by the arbitrator will be binding and final, except for any right of appeal provided by the Federal Arbitration Act, and may be entered in any court having jurisdiction. Except as may be required by law, neither you nor VIZIO nor an arbitrator may disclose the existence, content, or results of any arbitration under this warranty without the prior written consent of you and VIZIO.

ANY DISPUTE, WHETHER IN ARBITRATION, IN COURT, OR OTHERWISE, WILL BE CONDUCTED SOLELY ON AN INDIVIDUAL BASIS. VIZIO AND YOU AGREE THAT NO PARTY WILL HAVE THE RIGHT OR AUTHORITY FOR ANY DISPUTE TO BE ARBITRATED AS A CLASS ACTION, A PRIVATE ATTORNEY GENERAL ACTION, OR IN ANY OTHER PROCEEDING IN WHICH EITHER PARTY ACTS OR PROPOSES TO ACT IN A REPRESENTATIVE CAPACITY.

NO ARBITRATION OR PROCEEDING WILL BE JOINED, CONSOLIDATED, OR COMBINED WITH ANOTHER ARBITRATION OR PROCEEDING WITHOUT THE PRIOR
WRITTEN CONSENT OF ALL PARTIES TO ANY SUCH ARBITRATION OR PROCEEDING.

Exceptions to Binding Arbitration Agreement and Class Action Waiver

IF YOU DO NOT WISH TO BE BOUND BY THE BINDING ARBITRATION AGREEMENT AND CLASS ACTION WAIVER, THEN: (1) you must notify VIZIO in writing within sixty (60) days of the date that you purchased the product; (2) your written notification must be mailed to VIZIO at 39 Tesla, Irvine, CA 92618, Attn: Legal Department; and (3) your written notification must include (a) your name, (b) your address, (c) the date you purchased the product, and (d) a clear statement that you wish to opt out of the binding arbitration agreement and class action waiver.

In addition, you may pursue a claim in small claims court in your county of residence (if in the United States) or in Orange County, California. In such case the provisions of the section titled “Binding Arbitration Agreement; Class Action Waiver (U.S. Residents)” will not apply.

Exclusions and Limitations

TO THE GREATEST EXTENT PERMITTED BY APPLICABLE LAW, THERE ARE NO EXPRESS WARRANTIES OTHER THAN THOSE DESCRIBED ABOVE. ANY IMPLIED WARRANTIES, INCLUDING ANY IMPLIED WARRANTY OF MERCHANTABILITY AND FITNESS FOR A PARTICULAR PURPOSE, WILL BE LIMITED IN DURATION TO THE WARRANTY PERIOD SET FORTH ABOVE. SOME STATES AND PROVINCES DO NOT ALLOW LIMITATIONS ON HOW LONG AN IMPLIED WARRANTY LASTS, SO THE ABOVE LIMITATION MAY NOT APPLY TO YOU.

VIZIO WILL NOT BE RESPONSIBLE FOR LOSS OF USE, LOSS OF INFORMATION OR DATA, COMMERCIAL LOSS, LOST REVENUE OR LOST PROFITS, OR OTHER INDIRECT, SPECIAL, INCIDENTAL OR CONSEQUENTIAL DAMAGES, EVEN IF VIZIO HAS BEEN ADVISED OF THE POSSIBILITY OF SUCH DAMAGES, AND EVEN IF THE REMEDY FAILS OF ITS ESSENTIAL PURPOSE. SOME STATES AND PROVINCES DO NOT ALLOW THE EXCLUSION OR LIMITATION OF INCIDENTAL OR CONSEQUENTIAL DAMAGES, SO THE ABOVE LIMITATION OR EXCLUSION MAY NOT APPLY TO YOU.

IN LIEU OF ANY OTHER REMEDY FOR ANY AND ALL LOSSES AND DAMAGES RESULTING FROM ANY CAUSE WHATSOEVER (INCLUDING VIZIO’S NEGLIGENCE, ALLEGED DAMAGE, OR DEFECTIVE GOODS, NO MATTER WHETHER SUCH DEFECTS ARE DISCOVERABLE OR LATENT), VIZIO MAY, AT ITS SOLE AND EXCLUSIVE OPTION AND IN ITS DISCRETION, REPAIR OR REPLACE YOUR PRODUCT, OR REFUND ITS PURCHASE PRICE. AS NOTED, SOME STATES AND PROVINCES DO NOT ALLOW THE EXCLUSION OR LIMITATION OF INCIDENTAL OR CONSEQUENTIAL DAMAGES, SO THE ABOVE LIMITATION OR EXCLUSION MAY NOT APPLY TO YOU.

How the Law Applies

This warranty gives you specific legal rights, and you may also have other rights, which vary from state to state and province to province. This warranty applies to the greatest extent permitted by applicable law.

General

No employee or agent of VIZIO may modify this warranty. If any term of this warranty, other than the class action waiver, is found to be unenforceable, that term will be severed from this warranty and all other terms will remain in effect. If the class action waiver is found to be unenforceable, then the entire section titled “Binding Arbitration Agreement; Class Action Waiver (U.S. Residents Only)” will not apply. This warranty applies to the maximum extent not prohibited by law.

Changes to Warranty

This warranty may change without notice, but any change will not affect your original warranty. Check www.vizio.com for the most current version.
## Specifications

### Sound Bar:
- **Forward Firing**: Two 1.65" x 2.76" Full Range Driver for Each Channel (1 for left, 1 for right, 1 for center)
- **Upward Firing**: Two 1.65" x 2.76" Full Range Driver for Each Channel (1 for left, 1 for right)

### Subwoofer:
- One 5" Driver

### Connections:
- One 3.5mm Stereo Audio
- One Optical (Toslink)
- One USB (Supports .WAV and .MP3 format only)
- HDMI In
- HDMI Out (ARC)
- Bluetooth
- 802.11n (Wireless)
- Ethernet (RJ45)

### Power Output
- DC 5V, 500mA

### Sound Pressure Level (System):
- 103 dB

### Frequency Response (System):
- 40 Hz - 20 KHz

### Voltage:
- 120 VAC, 60 Hz

### Compliances:
- cTUVus / FCC Class B / ICES-003 / CEC / Energy star
LEGAL & COMPLIANCE

FCC Class B Radio Interference Statement
NOTE: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy, and if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

1. Reorient or relocate the receiving antenna.
2. Increase the separation between the equipment and receiver.
3. Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
4. Consult the dealer or an experienced radio/TV technician for help.
This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) this device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

(1) the device for operation in the band 5150-5250 MHz is only for indoor use to reduce the potential for harmful interference to co-channel mobile satellite systems;
(2) the maximum antenna gain permitted for devices in the bands 5250-5350 MHz and 5470-5725 MHz shall comply with the e.i.r.p. limit; and
(3) the maximum antenna gain permitted for devices in the band 5725-5825 MHz shall comply with the e.i.r.p. limits specified for point-to-point and non point-to-point operation as appropriate.
(4) Users should also be advised that high-power radars are allocated as primary users (i.e. priority users) of the bands 5250-5350 MHz and 5650-5850 MHz and that these radars could cause interference and/or damage to LE-LAN devices.

Notice:
1. Any Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.
2. Shielded interface cables and AC power cord, if any, must be used in order to comply with the emission limits.
3. The manufacturer is not responsible for any radio or TV interference caused by unauthorized modification to this equipment. It is the responsibilities of the user to correct such interference.

FCC RF Radiation Exposure Statement
1. This transmitter must not be collocated or operating in conjunction with any other antenna or transmitter.
2. This equipment complies with FCC radiation exposure limits set forth for an uncontrolled environment. This equipment should be installed and operated with minimum distance 20cm between the radiator & your body.
3. FCC RF Warning
   This equipment must be installed and operated in accordance with provided instructions and the antenna(s) used for this transmitter must be installed to provide a separation distance of at least 20cm from all persons and must not be co-located or operating in conjunction with any other antenna or transmitter. End-users and installers must be provided with antenna installation instructions and transmitter operating conditions for satisfying RF exposure compliance.

IC Statement
1. This device complies with Industry Canada license-exempt RSS standard(s). Operation is subject to the following two conditions:
   (1) this device may not cause interference, and
   (2) this device must accept any interference, including interference that may cause undesired operation of the device.
2. Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.
IC Radiation Exposure Statement
This equipment complies with IC RSS-102 radiation exposure limits set forth for an uncontrolled environment. This equipment should be installed and operated with minimum distance 20cm between the radiator & your body.

Battery Disposal and Recycling
You must dispose of this product properly, according to local laws and regulations. Because this product contains electronic components and/or a battery, it must be disposed of separately from household waste. Contact local authorities to learn about disposal and recycling options. For more information, visit www.vizio.com/environment.

Software Licenses
All software is provided subject to software license agreements and you agree that you will be bound by such license agreements in addition to other applicable terms of use. By using the VIZIO products, you agree to the VIZIO Terms of Service and Privacy Policy, as well as Google's Terms of Service and Privacy Policy. The VIZIO Terms of Use and Privacy Policy may be updated from time to time and are available to view at http://www.vizio.com/terms and http://www.vizio.com/privacy, respectively.

Export Regulations
Customer acknowledges that the VIZIO products, which include technology and software, are subject to customs and export control laws in the United States ("US"). The products may also be subject to the customs and export control laws and regulations of the country in which the products are manufactured and/or received.

Internet Connectivity
Network conditions, environmental and other factors may negatively affect connectivity and the resulting audio quality, if any.

The applications and content of the applications pictured herein or described in accompanying documentation may only be available in certain countries or languages, may require additional fees or subscription charges, and may be subject to future updates, modifications or discontinuation without notice. VIZIO has no control over third party applications or content and assumes no responsibility for the availability or interruption of such applications or content. Additional third party terms, conditions and restrictions apply. A Google account is required to download applications from the Google Play store. A MyVIZIO account is required to access certain features of the VIZIO SmartCast app. Information in this Quick Start Guide is subject to change without notice. To review the most updated version of this Quick Start Guide and the associated User Manual, go to http://www.vizio.com.

This product qualifies for ENERGY STAR in the “factory default” setting and this is the setting in which power savings will be achieved. Changing the factory default settings or enabling other features will increase power consumption that could exceed the limits necessary to qualify for ENERGY STAR rating. We want to help you save energy.
